Ballots mailed out **October 15**

I am pleased to present the 2021 General Election Voters' Pamphlet. We offer this comprehensive guide as a reference to help you find information about the candidates and measures that appear on your ballot.

This general election you will have the opportunity to vote for local officials and measures that could have a significant impact on your community. Yet in order to make your voice heard, you must be registered to vote. Voter registration forms that are mailed or completed online must be received by Oct. 25, and we encourage you to check your registration information today at **VoteWA.gov**. After Oct. 25, you must visit your local elections office or voting center during regular business hours and until 8 p.m. on Election Day to register to vote or update your registration and receive a ballot.

Once you have completed your ballot, be sure to sign the return envelope. This is important, as election officials verify your signature matches the one on your voter registration file before they can count your ballot. Then, send your ballot via U.S. mail — no postage needed. Remember, all ballots must be postmarked by Nov. 2 in order to be counted. The U.S. Postal Service recommends that you mail a week before Election Day. You can also return your ballot using an official ballot drop box anywhere in the state. Drop boxes are open until 8 p.m. the day of the election. Check **VoteWA.gov** to locate a ballot drop box.

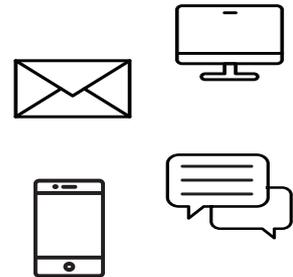

By voting, you are ensuring your voice is heard. Make an impact in your community and our state by voting this fall.

Sincerely,

Kim Wyman  
Secretary of State

## What if I'm not 18 yet?

# # Future Voter

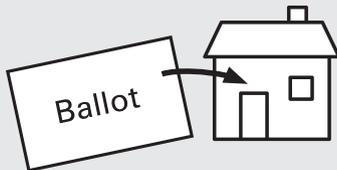

Sign up online at [VoteWA.gov](http://VoteWA.gov) with your Washington state driver's license or ID. Or you can fill out a paper registration form using the last four digits of your Social Security number and mail it in. You'll be automatically registered to vote when you qualify.

Every January on Temperance and Good Citizenship Day, high school students 16 and older have the opportunity to complete a voter registration form in class.

# How do I vote and return my ballot?

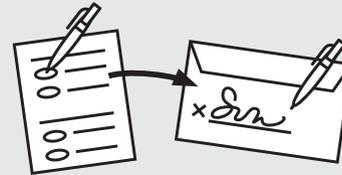

1

If you're registered to vote, there is no need to request a ballot. Your ballot will be mailed **October 15** to the address you provide in your voter registration. If you need a replacement ballot, contact a county elections office listed at the end of this pamphlet.

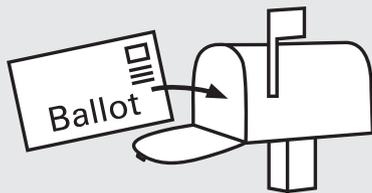

2

Vote your ballot and sign your return envelope. We need your signature to accept your ballot. You are not required to vote every race on your ballot. We encourage using this pamphlet to help you decide.

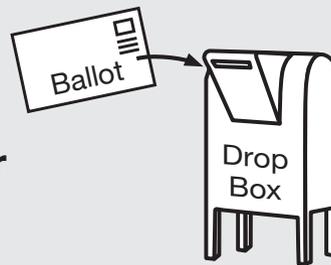

3

Return your ballot by mail, no stamp needed. If mailed, your ballot must be postmarked by **November 2**. Don't let a late postmark disqualify your ballot. The USPS recommends that you mail a week before Election Day.

Or, return your ballot to an official ballot drop box. Drop boxes are open until 8 p.m. on **November 2**. Find drop box locations at **VoteWA.gov**.

Or

If you cannot personally return your ballot, let only people you trust deliver it for you.

4

Check the status of your ballot on **VoteWA.gov** to see if it has been received by your county elections office.

Election staff will contact you before your ballot is processed if:

- Your signature is missing
- Your signature doesn't match your voter registration record

## View election results online

After 8 p.m. on election night, tallied results from each county are posted at **sos.wa.gov/elections**.

Results are updated as counties report and unofficial until certification.

## Who made this, and who is it for?

Was it a company, or an individual person? Who is the intended audience?

## Why did they make it?

Think about the purpose. Is it to inform, entertain, or persuade?

## When was this made?

Is the information relevant today?

## What makes it believable?

Is there evidence from a reputable source or expert?

## How might other people read this message?

Consider how someone with a different background might interpret it.

## Ask the experts

Consult a fact-checking site or ask an official source. Get trusted info from your county auditor or elections office.

**Mark  
Burrows**

(Prefers Republican Party)

**Bio**

My name is Mark Burrows, I am your Stevens County Commissioner for District Two. When Stevens County needed a commissioner, I stepped up, applied to the Stevens County Republican Central Committee and was their first choice to fill this position. Once lawfully appointed, I immediately retired as Chief of Police for Chewelah. As a USAF and police veteran I have nearly 35 years of combined uniformed service. Serving as Commissioner for District Two is an honor, it is my only job, I am fully dedicated to serving the citizens of Stevens County with integrity, dedication, and a spirit of service.

**Statement**

Last November, I retired as Chief of Police for Chewelah to serve you as County Commissioner for District Two. This is a full-time job, and by the end of 2021 I will have over a year of valuable experience. Now I am asking for your vote so I can use this experience to continue serving you.

During nearly 30 years of police work I managed a wide range of incidents and helped thousands of people. This enables me to have unique insight into the many things that are important in our local culture. I have consistently worked well with our community and numerous agencies, including tribal, county, state, and federal entities. I have over a thousand hours of training that includes budgeting, mid-level and personnel management, and executive leadership. I was raised in a God-fearing farming and ranching family, served my country in the USAF, and worked beside lifelong friends while logging. As a property owner I understand the importance of property rights. I also know Stevens County must continue to improve infrastructure that is inviting to business and industry.

God has blessed our nation, and the people of Stevens County, with a rich heritage. I am fully committed to vigilantly protecting our way of life for you and for future generations.

Over last four years have invested in beautification through historic restoration Downtown/Main Ave, repurposing buildings and opening back up to the community.

**Statement**

Coming home to E. WA, we anticipated a slower paced life, raising our children in a familiar area where they could thrive, while my wife Jana fulfilled her life’s dream of opening a small business (Gather Boutique). Little did we know that God had bigger plans.

We were honored to purchase and restore The Tarble Farm into Gathering Farms and Home. Soon after, St Mary’s school presented the opportunity to restore and add more businesses and jobs to our community through Mountain Market on Main.

The high point of my week is being in The Market and hearing new and longtime residents and visitors delight in the beauty of the restoration and the new life it brings to our town!

The next four years will be important for our beautiful town and this valley; we CAN come together as a community with strong leadership and shared vision for what ‘can be’ and produce it together. These changes will occur as residents and businesses come together to build that future.

I believe that my background, character and leadership experience equips me to serve our community as your next Mayor. It would be the highest honor.

Thank you,

Translating the needs of our community has always been a passion of mine and I am always looking for new ways to support the ever-changing environment that we are surrounded by. One common denominator in my involvement on the local school board, running sports programs, and city council is that my objectives have always been with Chewelah’s best interests in mind.

**Statement**

I am a licensed massage therapist and have lived in Chewelah since 2008. I love it here and am a regular at Brown's Lake!

I've had direct experience working with the City Council of Bellingham Wa. Everything from building issues for new construction to a low barrier homeless shelter that went up overnight in my neighborhood mandated by the Mayor. I was active in helping create a more educated and therefore safer community and worked closely with the Gospel Mission and the police.

I am able to see the big picture. I have common sense, I am fiscally responsible, I have creative solutions and a heart centered love for people and the whole of the community. My background involves working with individuals intimately and creating cohesion on a larger scale.

Chewelah needs a new voice and I am that voice. I am for what makes sense for everyone, not just the few. I speak the truth even when it's hard. I am not beholden to anyone or corporation. I have good discernment and will look at all sides of each issue to garner correct information to make sound decisions for all.

**Statement**

Living in Colville since 1979 has enabled my husband and me to enjoy a great quality of life. Serving on the Colville City Council has provided me with the opportunity to “give back” to my community. I am eager to continue working on the issues that face the City and its residents. These include homelessness, illegal drug use, lack of housing, street repairs, services for our seniors and business viability.

Over my time on Council, I have been instrumental in reducing City expenses, assuring the taxpayers’ best interests are represented, streamlining City systems, and making sure, that as a fiscal conservative, all budgets are reasonable. As Mayor Pro Tem I handled the crisis after the city’s maintenance shop and all the street equipment was lost in a fire.

My skills include leadership (I have been recognized in the State with awards), the ability to do extensive research on behalf of the City and budgeting expertise.

As a trained mediator and a conflict resolution trainer I have used my knowledge and abilities to assist in all communication aspects with listening, learning and understanding - whether it be the with the residents of the City, the City staff or other Council members.

Sat on the Board of Directors for Kettle Falls Food Bank - 2009. I've since organized and been part of countless fundraising events for community members in need.

**Statement**

I’ve lived in Colville for 15 years, as a community member, business owner, home owner, husband, son and grandfather; I love our community. Our unparalleled ability and want to help each other in times of need is noble, but I see a need even greater in our community for leadership and direction to solve the many issues which inspired me to run for this public service office. I look to offer a fresh perspective as we navigate national and state initiatives that have what I consider a negative impact on our local ability to govern ourselves.

Just a few examples of where my concerns are; struggling local businesses, rising crime, and growing homelessness. You deserve respect, you deserve to be heard and action to be taken, you deserve to be represented by the public servants who you elected to serve you, the people. I commit to you, to be objective, inclusive, fair and firm in decisions if elected for Colville City Council and never take the seat for granted.

My loyalty is to Colville and I ask you grant me the chance to prove it,

#### Biography

I am a local business owner, military veteran, husband, and most importantly a father to three children being raised in our community. I have seen and been engaged with the very best and the very worst that our world has to offer, always a part of positive change in all cases. I intend to bring that same level of professionalism, drive, and commitment to make our town a place for our families, businesses, and future to thrive.

#### Statement

Since growing up in Colville, then moving back to Colville four years ago I have noticed drastic changes to our city, and not many of them for the better. While there are no easy solutions to the issues our city; and many others like ours are facing. I know there is more to be done and it starts with enabling and supporting our local law enforcement and keeping our elected officials held accountable to actionable plans and initiatives that are quantifiable, realistic, and timely.

I look forward to the opportunity to be held accountable to those same standards as your voice for change in the direction of our city council. I can be contacted any time for concerns or questions regarding our community.

#### Statement

I'm a lifetime resident of Washington State, born and raised in Vancouver. I come from a hard working family who's father started his own business over 40 years ago and a brother who still runs it. After spending many years visiting Rice and Colville, I knew this is where I belonged. The ideals of the community and beauty of the surrounding drew me here. Four years ago my husband James and I packed up and left the chaos behind and never looked back. We bought our forever home and settled in to a community that is rooted in hard work and close knit families and friends take care of each other when times get hard. Keeping our community safe, retaining the beauty of our natural resources, helping businesses stay successful and protecting our community members freedom to live the life they choose are important to me. All of us should ask ourselves "What can I do to make it a better day for my neighbor, for our town." We should strive to pass down a strong community for our children to be proud of.

## Biography

I entered the US Army in 1976 and was honorably discharged in 1998. My achievements include RANGER and Military Free-Fall Jumpmaster qualification. I served with the 75th Ranger Regiment and at the US Military Academy, West Point, where I simultaneously earned a Bachelor of Science degree, Summa Cum Laude, from the University of the State of New York.

I retired from the Army in 1998 to Colville where I have since worked steadily in Information Technology. I have been engaged with local government for many years and have served since 2017 on the Colville City Council.

## Statement

I am a retired US Army veteran and have lived and worked in Colville for 23 years. I want every citizen to have the same opportunity I have had to pursue happiness and enjoy our unique quality of life. The guiding principle of city policy should be to make our community a place that is safe, friendly to families, and inviting to businesses.

The biggest challenge we face is the growing acceptance of drugs, drug-crime, and homelessness as “normal”. The safety of our community has been put at risk by bad laws from our legislature, activist decisions by the courts, and failed “housing-first” strategies which only worsen the problem. It is time to push back. Law, order, and citizen-safety should be the priority. Tent cities are a definite No-Go. Solutions should require individual accountability and incentives for responsible civic behavior. We can do it! Our Police and Fire Department underpin everything we do in a civil society and allow everyone to flourish. Let’s have their back.

I have been privileged to sit on your city council for four years and would be honored to serve for another term. Please contact me with your questions or concerns.

Following retirement for a short time he successfully owned and operated the Beaver Lodge Campground and Resort for nearly four years. Very patriotic and is a retired veteran of the WA Army National Guard. Lifetime involvement in the Boy Scouts of America and involved in other youth programs.

**Statement**

Having previous service to the City of Colville as a councilmember and as mayor, I have a solid understanding of city functions and financing and will support working for and maintaining a balanced budget. Health, safety, and welfare of the citizens of Colville are the primary functions of a city. I support a well trained, funded police force with a quality reserve force. Utilizing a volunteer fire department, the City has been able to rely on responsive fire protection and I will work to see that that continues. There are comfort issues that the City provides among which are, clean parks, recreation programs, historical facilities, and the need for well-maintained infrastructure that I as a councilmember can assist with.

I feel as a councilmember, working with the mayor and other councilmembers is important to create a consensus by listening to the community members. The City has been challenged recently with the mandates imposed by COVID-19 and the increasing demands surrounding homelessness to name just a few. I can discuss such issues with an open mind yet be practical in formulating a decision.

I fly the flag, shoot fireworks on the 4th of July and support the second amendment.

My goal is to bring fresh ideas with an outside look to an ever changing society.

I have traveled the world 3 times and finally landed in a place I am proud to call home. I look forward to having the chance to better my community by listening to and talking with the members in the Town of Springdale. #### Biography

I have extensive experience as a classroom teacher, school principal, district administrator, university professor, and trainer of teachers and principals in several states.

Experience /education have given me skills and knowledge to support kids and staff in Chewelah, my home town. Kids in Chewelah require the same high standard of learning as students in Seattle, Dallas, or Calgary Alberta.

Assessment of student learning; learning and teaching strategies; design, delivery, auditing of curriculum; leadership; program planning and budgeting are areas of expertise.

Committed to student and staff learning, I look forward to serving my community as a school board member.

#### Statement

Every child/youth deserves and needs a high quality education. Every teacher requires professional learning to equip students with the skills and learning needed in a globally connected and competitive world. As well, it is critical community members are engaged in honest, open communications and systems planning within schools/systems in order to ensure the highest levels of learning at reasonable costs.

Many years as a classroom teacher, school principal, district administrator, university professor and trainer of teachers and principals in several states and provinces has provided me skills and knowledge that can, I believe, support kids and staff in Chewelah, my home town. Kids in Chewelah require the same high standard of learning as students in Seattle, Dallas, or Calgary Alberta, delivered in an effective and fiscally efficient manner.

I have worked and learned with the world's and nation's foremost leaders in assessment of student learning; learning and teaching strategies; auditing of curriculum design and delivery; planning; program budgeting and levy development. Committed to seeing that students and staff benefit from the educational opportunities others have provided for me, I look forward to continue serving students, staff, and community as a school board member.

#### Biography

I was raised in Washington State, graduating from Kent-Meridian High School and received a Bachelors Degree from Central Washington State University. I entered the work force as a regional planner for Grays Harbor Planning Office and Central Puget Sound Economic Development District, working there for several years. In 1977, I began my 25 year career with an aero space company, during which time I served as a councilman for the City of Bonney Lake. After retiring, I started farming in Chewelah and have served on various committees related to land stewardship and the Community.

#### Statement

I am running for School board District 1 position to make Chewelah schools a great place to get an education. In my career working for an aero space company I trained employees on computer systems and realized during that time, the importance of a quality education.

In my opinion, teaching Critical Race Theory in our schools would be devastating to our children. I am also against state sponsored Sex Education in our schools. I believe parents should decide on when and what they want their child to know regarding sex. I also feel it is important that we as a community support our teachers by making sure they have the needed help in the classrooms, such as volunteers, to assist students in learning the fundamentals of reading, writing and math.

It is critical for parents to be involved with their children's education.

This means parents checking homework, talking with teachers and together helping kids receive the education they need to achieve their goals.

#### Statement

In Stevens County, students need teachers and tools to help them become tomorrow's citizens. Students must receive curriculum and instruction that is free of critical race theory, trans ideology, and other progressive indoctrination. We have a tough fight ahead of us, but I will be a reliable vote for sanity on the Chewelah School Board. I have been a blue collar worker my entire life, and have never worked for any government.

Proposition No. 1  
 Chewelah School District No. 36  
 Replacement Capital Levy For Health, Safety  
 And Educational Improvements

## Explanatory Statement

Explanatory Statement For Proposition No. 1 -  
 Replacement Capital Levy For Health, Safety And Ed-  
 ucational Improvements

The Board of Directors of Chewelah School District No. 36 adopted Resolution No. 2020/21-12, concerning a proposition to finance health, safety and educational improvements. This proposition would authorize the District to levy the following excess taxes, replacing an expiring capital levy on all taxable property within the District, to construct science classrooms and repair tennis courts and parking lot at Jenkins HS, make Phase II Snyder Field improvements, and upgrade exterior lighting, equipment and sidewalks/concrete:

Passage of Proposition No. 1 would allow the Chewelah School District to replace an existing capital levy that will expire at the end of calendar year 2021. The taxes collected by this replacement levy will be used to make health, safety and educational improvements throughout existing school facilities, including, but not limited to: (1) constructing science classrooms and repairing/resurfacing tennis courts and parking lot at Jenkins High School; (2) making Phase II Snyder Field improvements; (3) upgrading and/or improving exterior lighting, maintenance equipment, sidewalk/concrete at Gess Elementary School and Jenkins High School, and Gess Elementary School foundation: The School Board determined that these improvements are necessary due to the existing condition of school facilities and the needs of the District's educational programs. Further information is available on the District's website at <https://www.chewelah.k12.wa.us/>.

Collection Year	Estimated Levy	
	Assessed Value	Levy Amount
2022	\$0.70	\$425,511
2023	\$0.70	\$425,511
2024	\$0.70	\$425,511

The proposed three-year replacement capital levy would authorize collection of taxes to provide \$425,511 each year from 2022 through and including 2024. The tax levy rate required to produce these levy amounts is estimated to be \$0.70 per \$1,000 of assessed value. Exemptions from taxes may be available to certain homeowners. For more information, call the Stevens County Assessor at (509) 684-6161.

all as provided in Resolution No. 2020/21-12.  
 Should this proposition be approved?

Levy No

**Arguments For and Against this measure are on next page →**

**Argument For**

Chewelah Citizens for Kids is asking for support and a yes vote on the Replacement Capital Levy for Health, Safety & Educational improvements to our district. This three-year levy is a continuation of the last two capital levies that have brought much-needed improvements to the district including the Snyder Track and Field Complex and facility safety and technology.

Since 2016 the Capital Levy has collected .70 cents on \$1,000 assessed property value and this rate will remain the same.

This Capital Levy has taken into account the needs of all areas of the district. Remodeling two science rooms in the high school will allow our district to offer expanded courses related to science and will give students advanced opportunities that the district cannot currently provide. In order to offer tennis and allow the community to safely enjoy the tennis courts, the required resurfacing will be done through this levy. The Snyder Track and Field Complex announcer booth will be replaced and critical improvements related to ADA guidelines will be completed. Continuing on the theme of safety within the district, energy-efficient LED lighting and replacement of deteriorating asphalt and sidewalks will be part of this levy as well.

Chewelah Citizens for Kids Committee appreciates your yes vote for this important Capital Levy as it supports many necessary aspects of improving our district, for our kids and the community one project at a time.

**Statement**

For many years our schools have become indoctrination centers where our children are taught to hate their country, their history and now themselves. Parents and grandparents voice their concerns, but their pleas for common sense are ignored to uphold an agenda. Common Core, the 1619 project, Critical race theory and the anti-science approach to sexual identity are damaging to truth, critical thinking and the hearts and minds of our kids. Truth Matters!

**Goals:**

Hiring a superintendent that represents our community's ideals, not Olympia's.

Improved parent and student representation, not just the application of agendas.

Common sense curriculum that teaches truth, critical thinking and personal responsibility.

As your school board representative in position 1 I will give parents a greater voice at meetings and explore with them the common sense solutions that can be implemented. I will assess what is being taught and with the help of parents discover whether or not our curriculum is reflecting our unique community and find what options are available to us.

I welcome your vote and an opportunity to advocate for you and your children and make our schools more safe, practical and nurturing for our children.

My 37 years of parenting, combined with 30 years of parent volunteering is my job experience. I understand the challenges students, parents, and teachers face. Four of my children are graduates, my youngest is a fourth-grader. I left California in 1992 for the more wholesome Pacific Northwest. I took courses in Early Childhood Education at Edmonds Community College. I recently moved to Colville, finding the traditional family values I was looking for. I currently work as a volunteer para-educator and art teacher at my daughter's school. I am fiercely dedicated to supporting the children who live in District 3.

As a Christian conservative, I want to stand up for the traditional values held by families who live in District 3.

The liberal agenda-driven education system is being forced on every county in the state. Extreme liberal ideologies are anti-American, anti-family, and anti-human. The study of experimental sexuality has no place in our schools at any age. The race-baiting tactics, currently being taught as history do not promote cooperation.

How do we STOP the madness? We can STOP these dangerous ideologies with healthy Solutions, like replacing Common Core with a common sense curriculum. We can bring back Transparency, Outreach, and Parents by giving teachers, parents, and students a voice in decision making. I will listen to what the people want for their school-age children.

My Christian faith is not a brand, it is my character.

If you care about your children's minds, if you care about the sanity of our future generations, if you care about Colville's future, vote Lisa Button.

Statement

I was raised in Colville and graduated from Colville Highschool in 2015. Colville's schools and community values have had a lasting and positive impact on me. I went on to graduate with honors from WSU in 2019. I currently work at Colmac Coil as a marketing coordinator. It would be an honor to represent the community on the Colville School Board. As a member I would strive for the highest quality of public education for our students.

I have unique and relevant insight as someone who has recently graduated from both a public high school and a public university. I will provide contemporary understanding, from my own lived experience, to what the current public education experience has to offer our students. My contemporary experience allows me crucial insight into both the positive aspects of our system as well as the negative aspects which require attention. I believe that our youth need a voice in the room, now more than ever.

This unique perspective, my proven leadership ability, my shared values with the community of Colville, and my career experience will make me a vital member of the future school board. I stand ready to serve the students of our community.

**Statement**

Three reasons to elect Joe Fazzari: First, I have three children who are currently students in the Colville School District. Having three students in the district requires accountability to my children and yours. Second, I share the same conservative values of our community. Much of our community disagrees with the policies and curriculum being promulgated in Olympia. Our current school board is in alignment with Olympia, not our community. Their decisions over the last year have demonstrated this. I will bring common sense ideas and conservative values to the school board and to the district's policies and curriculum. Third, I have proven leadership skills. As the President of Colmac Coil, I understand many of the difficulties associated with leadership positions, and I am not afraid to take on this challenge for our children. I also serve as the chairman of the finance council for my local church. I have proven my leadership skills in each of these roles. I hope to be elected to the Colville School Board so that I can utilize my leadership skills in bringing back some common sense to help lead the school district in a direction which this community can support for our children's future.

My name is Emma Romo, and Colville has been home since 1998. I'm a mom and grandma, and an everyday American. I worked as a medical record coder at the Colville Medical Clinic during which I chaired two successful Relay for Life teams, then at Providence Mount Carmel Hospital. After a year off work to complete my bachelor's degree in Humanities online at WSU, I became a Realtor for three years. I have participated in local theater, acting; directing; and co-writing grants. Colville has given me a good life, and now I hope to give back to my community. Practicality. Transparency. Accountability.

Colville school children deserve the best education – practical, useful knowledge from the earliest grades right through high school graduation. The fact that U.S. schools have fallen behind the rest of the world in science and math is an indictment on the adults in charge. The status quo is not good enough and we need to change it here and now. Children should not be made the subjects of social scientists' experiments. Every student can complete their school career with real skills and abilities to move into a successful, fulfilling future.

Transparency must be the hallmark of Colville Schools. School Board business should be made available to all parents and guardians, taxpayers, and interested community members. Above all, parental wishes and input must be respected and taken into consideration in every decision made by the Board. Elected officials are public servants, placed in office to represent the voters and all citizens in their communities. They must faithfully perform the duties of their office, not push their own agendas. As CUSD School Board Member in District 4, I will be accountable to students, families, and taxpayers, exemplifying diligence, care, and respect for all.

I am running for 5th district school board position because I care about our children. I was born in Colville and raised on the Gumm family farm North of Colville. I am 5th generation Stevens County and I graduated from Colville HS. I started working Stevens County sawmills at 14! I graduated from Whitworth Cum Laude with a triple major; history, physical education, and secondary education. I have a master's and doctorate in education, as well as, more than 25 years of experience in teaching and coaching. I should mention I am a U.S. Army Infantry veteran and a rancher.

**Statement:**

I am running because "philosophy of classroom in one generation will be philosophy of government in the next" (The Great Emancipator Abraham Lincoln) I also share the culture and values of Stevens County. "Critical Race Theory" contains lies, half-truths, and Marxist propaganda. The "sex education" curriculum promoted by the state is not appropriate for our children and will not be beneficial to their lives. I want to be your representative on the school board because nothing in this world is more valuable than our children. Children should be protected from damaging policies that are blatantly anti-American and destructive to their development. I have dealt with people from all walks of life and beliefs during my work as the Stevens county Veteran Service Officer, as well as, my experience as a husband, father, grandpa, educator, 2 sport collegiate athlete, soldier, farmer (Jeffersonian Agrarian), rancher, head and assistant varsity coach. I validate and respect different viewpoints. I seek areas of agreement and mutual understanding whenever possible. Above all, I will to stand strong for truth, justice, and the American way. Colville schools have a proud tradition of excellence. We need to work together to protect and educate the children of Stevens County.

## Proposition No. 1

Summit Valley School District No. 202

Replacement Educational Programs and  
Operation Levy

## Explanatory Statement:

No information submitted

The Board of Directors of Summit Valley School District No. 202 adopted Resolution No. 20-21-3, concerning a proposition to finance educational programs and operation expenses. This proposition would authorize the District to levy the following excess taxes, in place of an expiring levy, upon all taxable property within the District, for support of the District's General Fund educational programs and operation expenses not funded by the State of Washington:

	Estimated Levy	
	Rate/\$1,000	
<u>Collection Year</u>	<u>Assessed Value</u>	<u>Levy Amount</u>
2022	\$1.50	\$94,500
2023	\$1.50	\$96,500
2024	\$1.50	\$98,500
2025	\$1.50	\$101,500

all as provided in Resolution No. 20-21-3.  
Should this proposition be approved?

Levy Yes

Levy No

**Arguments For and Against this measure are  
on next page →**

## Argument For:

The Summit Valley School was established in 1909 and has been an important part of our communities' history. It was one of several small schoolhouses in our area built by hard working hands and a pioneer spirit... and thanks to that same spirit and fortitude, Summit Valley School remains as one of the few old schoolhouses in Washington state still in operation today!

The Educational Programs & Operations Levy will assist in paying utilities, insurance, building maintenance, non-high payments, administrative expenses, business manager and food service costs. The minimum amount is being requested in order to qualify for equalization dollars. If you have questions and would like to get better acquainted with the school/programs, please know you are welcome and encouraged to attend public meetings and community events.

The Summit Valley school board, staff and volunteers continue to work hard providing a quality K-8 education for our students, and strive to foster a good relationship with parents and community members.

Thank you for voting YES!

## Argument Against:

Local property taxpayers are maxed out. We are still facing economic instability due to Covid-19, while many parents have incurred additional education expenses such as home tutoring, or had to quit jobs to do so themselves, for the last year and a half.

In 2018, the legislature determined levies are unfair and dramatically increased state school property taxes. Districts should no longer be relying on local levies to provide basic education because the state is now fully funding schools. The Summit Valley SD, as of 2019-2020, is already spending \$13,500 per student per year for operational expenditures and capital outlays. This is more than tuition and fees at most private schools, and all from your taxes.

Currently, our nation's school districts are flush with taxpayer-backed federal Covid-19 relief cash. Most are still trying to decide what to do with all the extra money. They don't need to ask taxpayers for more - at least not at this time. The district needs to respect hardworking taxpayers, stick to a budget, perhaps consolidate, and continually reduce overhead and waste. Stop taxing people out of their homes.

The district needs to act frugally, starting now.

## Rebuttal on Statement For:

Written by **Jeff Heckathorn**

The overhead of running a district with fewer than 70 students puts a higher burden on today's hardworking taxpayers. With sensible budget decisions, Summit Valley should be able to operate the school without additional levy taxes - just like our public charter schools.

State taxpayers (from our dramatically increased property taxes) are the ones supplying state school funds including the so-called equalization dollars. The constant refrain of not enough funds for schools is tiresome.

Hello, My name is Lenett James. I am running for my second term as Mary Walker School District, Director 5. I am currently Director for district 5 and Vice Chair! I am lucky to be married to my best friend and celebrating 20 years together this year. We are blessed with seven amazing children, their loved ones and three grandchildren. We are a foster family and have welcomed over 40 foster children in to our family over the past 9 years. We have been apart of the MWSD for the past 18 years. My family and I are all very active in the school and community. I am vice president of the Springdale Community Booster Organization and one of the original members along with two of my daughters. Our wonderful SCBO team founded and continue to run the Springdale food pantry. I believe in volunteering and helping

others when ever you are able to. I have had to joy of volunteering with the tree of sharing, the Grange, the Rodeo association, toys for tots, other neighboring food banks, PTA, and community clean ups to name a few!

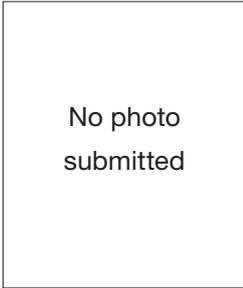

I believe that children are the future and that we are here to give them the best opportunities for success as we can. This is one of the reasons that I am running for another term as a MWSD board member. I am here for the children, the staff, the school and for the community as a whole. I have always thought that our little community was pretty amazing. I have been so proud these past couple years in watching everyone come together during the hardships with this pandemic and so many people helping others.

 Statement

My name is Jaya Fowler and I'm running for Kettle Falls school board. Firstly, I would like to thank our current board and all their diligence towards helping our schools grow.  
 I am a mother of 3, kindergarten, 3rd grade, and 5th grade. I have been highly involved with my children's extracurricular activities and through all that I have realized I need to be more involved with the educational aspect of their school careers. It is time for change. There is a lot of controversial matters our school board will be faced with and will be subject to make difficult decisions.  
 I will take a stand for you as parents, and for our children. I feel their needs to be an equal representation for everyone. I find it important to also have a mother's input.  
 I stand with you.

I grew up in a religious home, attending a private school from K-5. When my parents decided to leave the community, we were home-schooled for a few years, before attending the public-school system. I am married with two children, ages 8, and 10. My children are my first priority and are the reason I am applying for the school board.

I am currently employed as a CAD/CAM instructor, teaching in Continuing Education for the Dental Community. My direct experience with several educational programs gives me a rounded knowledge of the educational systems out there and benefits within them.

**Statement**

As a mother of two school aged children, their education and childhood experience are a priority in my life. After experiencing what the lockdowns and virtual learning has done to our schools, I withdrew my children and homeschooled this last year. I was not going to allow my children to be subject to the political games being played within our school system.

I want all children to be allowed to have a childhood, to play and discover; using the resources we have, we must teach in a comfortable and interactive environment. I believe schools should be a place of education and politics should be kept out of our schools. I believe that good teachers should be rewarded, and those that do not perform should be removed. That goes the same for the heavy administration in the public-school system. I feel parents should be involved in making educational choices for their children, and parents voices should be heard.

Our children are our future, they are the greatest asset we have. As a board member, I will stand for what's right, making sure parents are heard. These are our children! This is our schools! Our opinions count. We are the parents!

**Biography**

In my years, I have acquired an MBA from Seattle City University with emphasis on accounting and economics. I served Stevens County for 10 years on the Board of Equalization. I am honored to have served on the board of Inland Power and Light for six years. I was also blessed with the opportunity to serve as an adjunct Instructor at Spokane Falls Community College for 4 years. Prior to all this, I retired from Hewlett-Packard after 20 years as a corporate Supply Chain manager, and I am an Air force Veteran, former B-52 Mechanic.

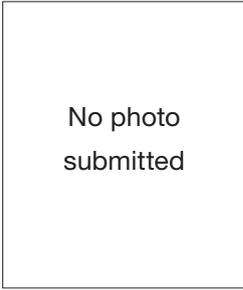

**Statement**

As an Acting Commissioner, I would like to thank you for the opportunity to serve as a Commissioner for District 1. I am declaring my candidacy for the 2021 Fire Commissioner Position #1, for Stevens County Fire Protection District #1. I would appreciate your vote. My second term has been filled with challenges and awesome successes. Challenges in that we have experienced an ever-increasing number of runs year after year. Resulting in increased operational expenses and increased demand on our firefighter and EMT resources. Successes are reduced response time, improved staffing, upgrading apparatus, and building two new fire stations.

We are poised to advance the district by implementing strategies focusing on key areas. 1. Increasing district personnel 2. Improving the operational aspects of Dispatch/911. 3 Improving the ranking process currently used by the Washington State Ratings Board. 4. Striving to improve our overall financial performance while maintaining the focus of serving our community/members. Your re-election vote will enable me to continue contributing to the District, by leveraging my education, the many years of strategic planning and management training, and the many years being a commissioner for the district.

Statement

I envision a healthy Fire Department with many volunteers and a program that would budget for vehicle replacement, new stations, and possibly manning a station to reduce response time. That, in my opinion, would save on insurance rates for the homeowners of Stevens County Fire District #4. I envision a comprehensive training program for the Fire Fighters. A trained Fire Fighter will cut down on injuries and efficiency of their response. It cannot all be done overnight, but I believe that it needs to be started.

## Proposition No. 1

Property Tax Levy for Fire Protection and Emergency Medical Services.

The Board of Stevens County Fire Protection District No. 5 adopted Resolution No. 21-06A concerning a proposition to maintain and adequately fund District operations.

This proposition authorizes the District to restore its regular property tax levy to \$1.00 per \$1,000 of assessed value to be assessed in 2021 and collected in 2022. The funds will maintain and improve fire protection, emergency medical services and facilities, replace apparatus and equipment, and provide for firefighter safety. The maximum allowable levy in 2021 shall serve as the base for subsequent levy limitations as provided by chapter 84.55 RCW.

Should this proposition be:

Levy Yes

Levy No

**Explanatory Statement:**

Stevens County Fire Protection District No. 5 provides emergency fire protection and medical service to its citizens. If approved by the voters, this proposition will authorize the District to restore its regular real property tax levy rate to \$1.00 per \$1,000 of assessed valuation in 2021 for collection in 2022 (the current levy is approximately \$.90 per \$1,000 of assessed valuation). The dollar amount levied in 2021 shall serve as the District's tax levy base and in 2022, absent further voter approval, the tax levy will be subject to the statutory one percent limit.

The District's Board of Commissioners has determined that this proposition is necessary to maintain an effective level of services, fire fighter staffing, equipment and facilities in light of rising costs. Approval of this measure will allow the District to maintain the level of fire protection and emergency medical services provided to its citizens.

Proposition No. 1

Upper Columbia Pool District

Resolution to Propose a Levy For Collection

Approval of a maintenance and operation tax levy only for a New Pool separately funded by donor in the City of Kettle Falls, at a rate of .23 cents per one thousand dollars assessed valuation in 2021, for a levy of \$25,000.

Levy Yes

Levy No

## Explanatory Statement

Written by: The Upper Columbia Pool District

In response to community demand for a swimming pool in the City of Kettle Falls, and because the current pool requires expensive repairs and updates that far exceed its value, a private donor has come forward to fund removal of the old swimming pool and construction of a new swimming pool in Kettle Falls. The new pool would be managed by the Upper Columbia Pool District and maintained by the City of Kettle Falls at the current location. The pool would provide public access for recreational swimming and lessons for youth and adults, water aerobics and rehabilitation, and competitive swimming.

Passage of a levy is necessary to generate funds which will be used exclusively for ongoing maintenance and operations of the new pool. If the measure is approved, it is estimated that the tax rate would increase approximately \$0.23 per \$1,000 of assessed value which would, for example, result in an increase in annual taxes in the amount of \$23 on property with an assessed value of \$100,000. If approved this tax rate would be in effect for four years and thereafter eligible for renewal.

- Your signature doesn't match your voter registration record

2
